About Zsámbék

Zsámbék is located between the Buda Hills, the Pilis, the Gerecse and the slopes of the Etyek Hills barely 30 km from the centre of Budapest in the Dunazug hills. The area is a gently undulating plain, most of which is occupied by arable land, slightly indented by small watercourses.

The program

Guests arrive at the hotel in the morning and then after a refreshing coffee break they take part in our team building program. The participants have brainstorming session challenges in the morning and outdoor activities in the afternoon, while a buffet lunch is served giving the opportunity of resting a bit from their tiredness.

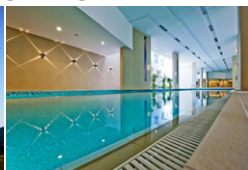

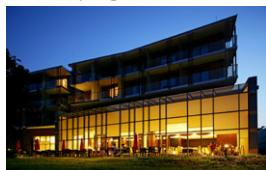

In the afternoon following the team-building session, they will have plenty of time to enjoy the wellness area of the hotel. After the free program, we will finish off the team building with a seated gala dinner, with a karaoke or similar music and dance party. The next day, after breakfast, we will travel back home.

About the hotel

One of Central Hungary's most beautiful business and wellness hotel in the western gateway of Pest county, 15 minutes from Budapest in Herceghalom. The ABACUS Hotel**** due to its inspiring atmosphere, innovative environment, unique event capacity and a redefined gastronomic experience, is a community of business and intellectual life.
