Let's help Noé's Animal Shelter!

In Hungary today, tens of thousands of animals are living their lives without owners (and loving families), most of them unfortunately forced to survive their misery by roaming the streets. However, even in the case of luckiest puppies, this can only mean a few years of life, and without a healthy food (=systemic nutrient) intake and medical tests (=vaccinations), we are talking about animals that are destined to die. Not to mention the fact that uncared and uncontrolled reproduction of non-neutered dogs will further increase the numbers of these disadvantaged living being. Over the past decade, several government actions have been taken to reverse this trend (mandatory chip implantation, stricter legislation), but we also believe in the importance of our social role.

About the location

Among the civilian animal shelters without regular state support, the Noé's Animal Shelter Foundation, which has been caring for animals in need for nearly 30 years, stands out. The care and health care of more than 1200 animals requires an extraordinary effort from the Noé's Animal Shelter Team, made up mainly of volunteers.

On an area of more than 8 hectares, not only dogs and cats are given a second chance, but also ponies, foxes, ostriches, horses, goats, tortoises and bears have found tempo-rary or permanent homes here.

As part of our **PROGRAM** offer, you can get an insight into the operation of the animal shelter, see the daily life of the miracle farm from the inside, and experience the charm and love of this colourful living space. Through the foundation's highly experienced staff, participants can learn interesting stories and animal fates. Cat lovers will be able to relax and unwind with the many inhabitants of "MacsKaland". After the guided tour, we offer a personalised dog walk with the shelter's residents, which will really get you into the hearts of the four-legged friends! As well as trying ourselves as a dog owner, the selected puppies will feel like they belong to someone, at least for a walk. Welcome drinks and snacks will be served on arrival, and afterwards a meat-free lunch will be served to support animal welfare. The entry fee includes a financial donation to Noé's Animal Shelter, but the real donation is the time you give to these innocent yet vulnerable animals! And who knows, maybe more of them will go home than arrived.... :)
